## General feedback questions

You may provide us with feedback on the specific questions asked within the consultation document and repeat here (see questions that follow), or alternatively you can provide us with general comments.

### Consultation Question 1

**Question 1:** Are there benefits in having a standardised Procedures Dataset and Clinical Document Architecture standard and, if so, what are the main benefits?

### Consultation Question 2

**Question 2:** Have the appropriate classes been included in the Procedures data model?

### **Consultation Question 3**

**Question 3:** Have all of the appropriate data items been included in the Procedures dataset? Would you leave out any of the data items listed? Would you suggest additional data items?

### **Consultation Question 4**

**Question 4:** Do the explanations provided in Table 1 of the consultation document adequately explain each of the data items? If not, please suggest improvements?

## **Consultation Question 5**

**Question 5:** Are there any alterations needed for the clinical document architecture specification? If so, please suggest improvements?

## **General Comments**

**Please provide any general feedback you wish to give below.**
