Health Information and Quality Authority

An tÚdarás Um Fhaisnéis agus Cáilíocht Sláinte

As of 31 December 2018:

581
registered nursing homes

31,250
residential places

542
inspections of 444 centres in 2018
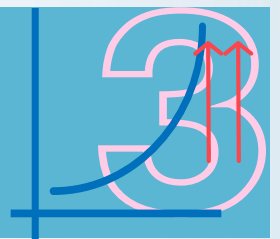

76.4%
of all nursing homes inspected in 2018

To ensure residents have a good quality of life, nursing homes need:

Effective management processes
1

Privacy and dignity for residents
2

A choice of meaningful activities
3

Robust safeguarding practices
4
