Good morning David

1. Attached today's Older persons tracker. **The format has been amended slightly** to pull in the number of suspected cases for residents and staff in centres where there are also confirmed cases.

As the number of suspected and confirmed cases continue to rise the feedback from providers is that there is no difference in the resources required to manage confirmed and suspected cases in terms of

- Access to rapid testing and results
- Access to PPE
- Access to replacement staff at all grades, nursing staff, care staff, cleaning staff, catering staff etc
