All of our residents who have not been swabbed to date and some for reswabbing have been referred to NAS this morning [REDACTED] in total.

We continue to make every effort to maintain good staffing levels on all wards, although our skill mix is altered and we do have a shortage of staff nurses. Some of our staff are starting to return to work from sick leave so we are hopeful that this situation will continue to improve slowly.

Should you require any further information please do not hesitate to contact me.

Kind regards
