

Health Technology Assessment of abdominal aortic aneurysm (AAA or 'triple A') screening for men in Ireland

Public Consultation feedback form

The Health Information and Quality Authority (HIQA) is holding a six-week public consultation to give people an opportunity to provide feedback on the health technology assessment of abdominal aortic aneurysm (AAA or 'triple A') screening for men in Ireland.

Your views are important to us. HIQA will carefully assess all feedback received and incorporate it into the report, where appropriate.

The final assessment and a statement of outcomes report (a summary of the consultation responses) will be published on HIQA's website once the HTA has been completed.

The closing date for the public consultation is 5 pm on Thursday, 12 June 2025.

How to provide feedback:

- If you are commenting in a personal capacity, there is no need to provide your name or any other personal information.
- If you are commenting on behalf of an organisation, please combine all feedback from your organisation into one submission form. We will request a name and contact number for a designated representative from your organisation in case we need to clarify your feedback.
- If your feedback contains any commercially sensitive or confidential information, please highlight this at the time of submission, so it can be excluded from the summary of feedback that will be published by HIQA.
- Please spell out any abbreviations that you use.
