

Health Technology Assessment (HTA) Directorate Plan 2025-2027

What is the HTA Directorate Plan 2025–2027?

Our plan sets out the strategic direction for HIQA's HTA Directorate, aligned with the HIQA Corporate Plan. It outlines how we will build on achievements, strengthen our capacity, and remain responsive to the changing needs of our health and social care system.

What do we want to achieve by 2027?

A productive and rewarding work environment that supports the recruitment, development and retention of high-calibre staff.

Excellence and efficiencies in research methodologies and procedures to meet the increasing demand for evidence synthesis.

High-quality products that make a difference.
