**Our Ref. FOIR 015 022**

Dear [REDACTED]

I refer to your request dated 28 January 2022 made under the Freedom of Information Act 2014 for records held by the Health Information and Quality Authority (HIQA).

Your request was amended to the following:

I wish to make a freedom of information act in relation to Nphet's recent decision in December 2021 to introduce masks in primary schools for 3-6 class students.

Specifically did NPHEAT conduct/produce a risk assessment in relation to the masking of primary school children prior to making the decision.

Further, if there is a risk assessment I request a copy of same as a matter of utmost urgency.

I have now made a final decision to grant your request on 24 March 2022.

All relevant reports are included in the documents released. However, the reports are not risk assessments or risk-benefit analyses, but rather sought to summarise the published data and evidence available at the time. These reports encompass a range of settings and population groups, and the publications that underpin the evidence are cited in the reports.
